

## ÖSD Exam Two Hours Preparation Workshop

### Description

#### **Be well prepared for the ÖSD exam**

The aim of this German Language ÖSD Exam Training is to develop all necessary skills and test strategies for passing the ÖSD Exam successfully. You can join the workshop every Saturday for 120 minutes from 10 to 12 am . We will get you fit to pass your targeted ÖSD level. ÖSD available at all levels: A1, A2, B1, B2, C1 and C2 level.

This training prepares you for the "ÖSD-way-of-thinking" in all relevant parts: reading, listening, speaking and writing - the 4 skills measured by means of the ÖSD exam. To pass ÖSDF you need to be very familiar not only with the German language, but also with the exam tasks - this means you need to train appropriate test strategies to complete all tasks within the given time.

#1 Individual preparatory work. The ÖSD preparatory training typically begins with completing a sample examination (Modellsatz) to determine your starting point. You will receive a ÖSD Modellsatz and work on it to familiarize yourself with the exam format.

#2 Individual Training. You will be introduced step by step and interactively to all parts of the exam as well as key test strategies by your ÖSD experienced instructor. Together, you evaluate the results of your individual preliminary work, and you will get detailed feedback on your writing.

#### Training goal

You complete your individual ÖSD exam preparation with a good overview of the individual parts of the exam and the most effective testing strategies. You've gone through the entire exam and received individual feedback, whether you're ready for the exam, or an accurate diagnosis of where you still have some catching up to do. We work with official

ÖSD materials as well as specially selected supplementary materials. All course materials are included.

You can register online, by phone, email or directly at our institute: [info@innesvienna.net](mailto:info@innesvienna.net) or +43 1 890 65 85

What is ÖSD, anyways?

ÖSD is a state-approved examination and assessment system for German as a Foreign Language / German as a Second Language. ÖSD exams focus mainly on communicative aspects which aim to assess foreign language competence in real-life situations. ÖSD exams correspond to the levels of the Common European Framework of Reference for Languages (CEFR). The ÖSD is to Germany, Austria and in Switzerland what the TOEFL or IELTS is to the rest of the (English-speaking) world. ÖSD C1 level is the usual requirement (this is new for Austria from March 2018 onwards) for the admission at the university and it is accepted in Germany, Austria and in Switzerland.
